

Help us support the future of the independent automotive service industry!

ASA MO/KAN has made a commitment to provide needed financial aid to men and women seeking careers in automotive service. Proceeds from the Race 4 the Future will go directly into the ASA MO/KAN Scholarship Fund, where they will be distributed to qualified youths seeking advanced education in both the Automotive Mechanical and Automotive Collision Repair. Our industry is facing a shortage of trained technicians. This scholarship fund can help those qualified individuals meet the financial obligations required by a secondary education. Help us secure the future of our industry thru participation and donations to the Race 4 the Future!

TEAM REGISTRATION FORM

**Registration fee required in advance to reserve your spot on your team
Each participant must complete an entry form and sign the waiver.**

Your team is encouraged to raise additional funds to increase your pole position. Each team's goal is to raise an additional \$500. Pole positions will be determined when funds are turned in at registration.
